

Cudgegong Valley Public School

Project update | September 2026

Image caption: Author Lisa Nicol inspires young storytellers during a Book Week writing workshop with Years 2–6.

Dear staff, parents and carers,

The Cudgegong Valley Public School classrooms in Building A and K were damaged by fire in early 2026.

Progress summary

Following our update in [June 2026](#) regarding the incident, procurement is underway to engage a structural engineer to undertake a detailed assessment of the affected buildings and prepare a Structural Integrity Report. The report will assess the extent of the structural damage and inform the design and scope of works required to enable the buildings to be safely reused as teaching and learning spaces in the future.

Next steps

Once the structural assessment is complete and the required scope of works is better understood, the department will progress the next stage of the project, including engaging a design consultant to develop the necessary designs. This will require a separate competitive procurement process, where suitably qualified consultants are invited to submit proposals and a preferred consultant is selected. This process has not yet commenced and will be informed by the findings of the Structural Integrity Report.

We will provide a further update as the structural assessment progresses and more information becomes available about the next stages of the project. If you have any questions about this project, you can contact School Infrastructure during business hours on the contact details below. Please note our community phone and email are staffed Monday to Friday, 9 am to 5 pm.

We will continue to keep the school and community informed as the project progresses. Thank you for your understanding and support during this important work.

Cudgegong Valley Public School Kindergarten 2027

The kindergarten 2027 Transition Program kicks off in Term 4 2026! We are so excited to welcome our newly enrolled students beginning in 2027.

For all enquiries, please contact [Cudgegong Valley Public School](#) on (02) 6372 3466.
