

Hornsby South Public School

Works notification | 28 May 2025

Dear staff, parents, carers and neighbours,

Due to recent wet weather and contractor availability, we are rescheduling the 2 demountable removal works as outlined in the notification dated 13 May below.

This removal work will now take place on Saturday 21 June 2025.

Thank you for your understanding.

Notification issued 13 May 2025

Dear staff, parents, carers and neighbours,

We are removing 2 demountable buildings located at the eastern side of the oval, near Building G, at Hornsby South Public School.

This removal will take place on Saturday 31 May 2025.

Traffic and parking during removal

Work vehicles will enter and exit the school via Ronald Street.

Community users that hire the hall on Saturday mornings will not be affected by these works. Access to the school carpark and main entrance on Clarke Road will not be affected.

A crane will be delivered to the school and will be positioned onsite during removal. The crane will move the demountable in sections onto a large truck before transporting it to a storage facility.

Traffic controllers will be used where required. Please follow the directions of any temporary signage and traffic controllers when in place.

Traffic on Clarke Road during work hours may be delayed due to large vehicle movements. We apologise in advance for any inconvenience.

Work hours

The mobile crane will be delivered at 6 am to safely lift the demountable buildings in sections onto the truck.

Work will be between the hours of 7 am and 4 pm and is expected to be completed in one day, weather and site conditions permitting.

All work will take place within the school grounds and will be coordinated with the school to avoid any impact on student learning.

Thank you for your patience during this important work.
