

# Granville East Public School

## Works notification

23 September 2022

Dear staff and parents/carers,

Upcoming maintenance work to replace the electrical safety switch at Granville East Public School will involve working with suspected asbestos containing material in the electrical cupboard in Block A.

Work will take place on Monday 26 September 2022. All asbestos containing material will be removed outside of school hours and in accordance with the advice of the independent hygienist.

The area will be cordoned off before works start, and safety measures and monitoring put in place. It will remain out of bounds to students and staff until the removal and associated maintenance work is completed.

All work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan and completed by licensed and accredited asbestos contractors in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected to ensure the area has been fully remediated, if necessary. The school will receive a clearance certificate before the area is open to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
