

# Cardiff North Public School

## Works notification

**7 December 2021**

Dear parents/carers,

Upcoming maintenance works at Cardiff North Public School will require working with asbestos containing material. Testing conducted by an independent hygienist has confirmed that the material is bonded asbestos, which means it is attached to other material such as cement or vinyl and cannot be crumbled by light pressure.

The area will be remediated in accordance with the Department of Education's Asbestos Management Plan and SafeWork NSW regulations. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The material is scheduled to be removed from the canteen (demountable D12686) on Saturday 11 December 2021.

Testing will be completed to ensure the area has been fully remediated. The school will receive a clearance certificate before the area is open to students and staff. We will keep you informed if further material is found which requires removal.

A comprehensive COVID-19 Safety Plan will be in place for the site and the contractor will enforce strict compliance. Our construction sites will follow all current health guidelines, including all workers wearing masks for indoor and outdoor work.

Safety is the number one priority for School Infrastructure NSW and we are following all health advice in relation to construction sites.
