

# Tallowood School

## Works notification | 12 June 2025

Dear staff, parents, carers and neighbours,

As part of ongoing improvement works, we are installing new LED lights at Tallowood School.

This project is now underway and is expected to be finished by Saturday 5 July 2025.

All work will take place outside of school hours to minimise disruption to student learning and school operations.

Hours of work will be Monday to Friday between 4.00 am and 7.30 am, and 3.30 pm and 12 am. During these times neighbours may see lights on inside the school. Contractors will make every effort to minimise noise to avoid any disturbance to neighbours.

No works will be carried out on weekends.

Any work vehicles will access the school site via Redden Drive outside of school hours to ensure minimal impact on traffic flow to the surrounding area. A skip bin has been placed in the car park to allow for safe disposal of old lights.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your cooperation during this time.
