## School holiday works notification - Winter | July 2024

Dear staff, parents and carers,

We regularly inspect and maintain schools to ensure the safety and wellbeing of our school communities.

The school holidays are the ideal time for a lot of maintenance and project work to take place in schools across the state without disrupting learning.

### **Planned work over the Winter School Holidays**

We will be doing work involving hazardous materials at your school during the Winter School Holidays. This period may include from the end of the school day on Friday 5 July 2024 up to the first day of Term 3 for staff on Monday 22 July 2024.

During this time, we will be replacing 2 ceiling panels in a ground-floor corridor, which will involve working with asbestos-containing material.

All work will be done in accordance with work, health and safety laws and the NSW Department of Education's Asbestos Management Plan. Safety measures will be in place while work is being done. All work will be completed by licensed and accredited asbestos contractors and monitored by independent hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The corridor will be inspected by the independent hygienist to confirm it has been fully remediated, and a clearance certificate will be issued before the corridor is reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
