

# Cook School

Completion Pack – October 2025

Cook School - Acacia Secondary Campus

As part of the NSW Government's plan to rebuild public education, the NSW Budget is delivering record education funding, including \$9 billion for new and upgraded schools. This targeted investment will ensure growing communities get access to a world class public education.

## Welcome to your upgraded school

The Cook School educational upgrades project has transformed classrooms, created new flexible learning areas, and modernised the Acacia Secondary Campus into inclusive and welcoming spaces that support students with diverse needs. The new facilities foster learning, social connection and wellbeing, while providing teachers with flexible spaces and resources to support their work.

This project has delivered:

**New flexible learning spaces**

**New state-of-the-art rooms for Technological and Applied Studies (TAS), Science, Technology, Engineering and Mathematics (STEM), music and visual arts with modern equipment**

**A new library with a quiet study area**

**Upgraded amenities, including accessible toilets, kitchen facilities and first aid room**

**New administration and counselling areas to support operations and student wellbeing**

**Refurbished common areas with improved technology and communications**

**Upgraded multipurpose room including new furniture and café with kitchen facilities**

Acacia Secondary Campus – Multipurpose room

General learning space

## Message from your Principal

We are excited to welcome students to our newly upgraded facilities at Acacia Secondary Campus. These spaces have been carefully designed to meet students' educational needs while providing them with a nurturing environment that prioritises safety, accessibility and holistic development.

From our library to the specialist STEM, music and art rooms, each new facility will open opportunities for our students to explore, learn, and grow in confidence. The redesigned floor plan optimises visibility and accessibility, which allows staff to supervise students more effectively while supporting students to feel secure within the school environment. The upgraded amenities and administration areas will also help our staff deliver the best possible learning experiences.

These new spaces are not only functional but also essential for learning and emotional wellbeing. Thank you to everyone who contributed to this project. It will have a lasting positive impact on our school and community.
