

The Beach School

Works notification | 13 March 2023

Dear staff and parents/carers,

Upcoming maintenance works to upgrade the toilets, the ceiling, and install new LED lights in Building C at The Beach School will involve working with asbestos containing material in the ceiling lining.

Building C is safe at present as the ceiling is undisturbed and in good condition.

Work to remove the material will take place between Wednesday 15 March and Thursday 16 March 2023. All works involving asbestos containing materials will take place outside of school hours, with additional safety measures and monitoring in place before works start.

The area will be cordoned off before works start, and it will remain out of bounds to students and staff until the removal and associated maintenance work is finished.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before the Building C is reopened to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
