

Carenne School

Works notification | 18 October 2023

Dear staff and parents/carers,

We are refurbishing the canteen in Building A at Carenne School. As part of this work, the ceiling is being replaced and asbestos containing material within the ceiling needs to be removed.

The canteen construction site area is currently cordoned off and separated by hoarding and fencing to keep students, staff and visitors separate. Additional safety measures and monitoring will be put in place before work starts.

Work to remove the existing ceiling will take place outside of school hours, on Saturday 21 October and Saturday 28 October 2023.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The canteen ceiling will be inspected by an independent hygienist to confirm it has been fully remediated, and the contractor will receive a clearance certificate before work on the ceiling refurbishment continues.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
