

# Holroyd School

## Works notification | 10 March 2025

Dear staff, parents and carers,

As part of planned maintenance work, we will be removing and replacing window panels on Buildings A, B, C and F at Holroyd School.

The external panels under these windows are known to contain bonded asbestos as listed on the school's asbestos register.

NSW Health explains that "living or working with asbestos, or just being around it, is a low risk to your health as long as the asbestos is in good condition and not damaged".

Temporary construction fencing will be installed around the site before works start.

Works will take place during the Autumn School Holidays on Monday 14 April to Wednesday 16 April 2025 between the hours of 7 am and 6 pm.

All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. Safety measures will be in place while work is being done. All work will be completed by licensed asbestos contractors and monitored by independent hygienists.

After the panels are removed, an independent hygienist will inspect the area and issue a clearance certificate before the panels are replaced with non-hazardous material.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
