

Niland School

Works notification | 28 March 2023

Dear staff and parents/carers,

An upcoming flooring refurbishment in Building C at Niland School will involve working with asbestos containing material within vinyl tiles under the carpets.

The rooms are being safely used at present as the vinyl tiles are undisturbed and under the carpet.

Work to remove the material will take place on Tuesday 4th of April 2023. All works involving asbestos containing materials will take place outside of school hours, with additional safety measures and monitoring in place before works start.

The rooms will be cordoned off before works start and will remain out of bounds until the removal and associated flooring maintenance work is finished.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The area will be inspected by an independent hygienist to confirm they have been fully remediated, and the school will receive a clearance certificate before the area is reopened to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
