

Para Meadows School

Works notification | 25 September 2026

Dear parents, staff and carers,

We are pleased to advise that work has started on an upgrade to the girl's toilets in Building E. This work will improve and upgrade the toilet facilities for the benefit of students and staff.

While refurbishment work is underway other toilets will be available.

Work hours are between 7 am and 6 pm Monday to Friday, and 8 am and 1 pm on Saturday, in line with NSW Environment Protection Authority guidelines.

Removal of asbestos

As part of the upgrade, suspected bonded asbestos was identified in the toilet ceiling lining and subsequently tested and confirmed as asbestos-containing material (ACM).

This location is not in an area identified on the School Asbestos Management Plan (SAMP). The register will be updated to include this recent find as required.

The area will continue to be restricted and locked as part of the construction zone to staff and students.

All asbestos-containing material will be removed during the upcoming spring school holidays between Monday 28 September 2026 to Friday 9 October 2026.

An independent hygienist has been engaged to oversee the work and conduct air monitoring and testing following the removal of asbestos-containing materials.

A clearance certificate will be provided before refurbishment works starts.

All work will be done in accordance with work health and safety laws as well as the NSW Department of Education's Asbestos Management Plan. Safety measures will be in place while work is being done. All work will be completed by licensed asbestos contractors.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your cooperation during this important work.
