

Sir Eric Woodward Memorial School

Works notification

1 July 2022

A project is underway at Sir Eric Woodward Memorial School to build a new school hall which will include sports courts, facilities for assemblies and performances, and amenities. The new hall will accommodate a variety of learning, recreational and communal activities. The project also includes the construction of new covered pedestrian paths to connect the existing buildings to the new hall.

Progress summary

The design has been finalised in consultation with representatives from School Infrastructure NSW and the school.

A construction contract for the main works at Sir Eric Woodward Memorial School has been awarded to North Construction & Building Pty Ltd.

Site establishment works

Early works to clear and prepare the site for construction are expected to start in mid-July 2022. Site establishment activities will include:

- installing site fencing and hoarding to separate the work zone from the operational school.
- removing four trees from the work zone. All tree work will be carried out by a suitability qualified arborist and in accordance with SafeWork NSW regulations.

Construction work hours will be 7 am to 6 pm Monday to Friday and 8 am to 1 pm on Saturday. No work will take place on Sundays or public holidays unless otherwise notified.

School Infrastructure NSW will work closely with the school to minimise any disruption to students and staff during construction. This may mean conducting portions of work during weekends or school holiday periods or exploring options to lessen the impacts of construction on school operations and student learning.

More information

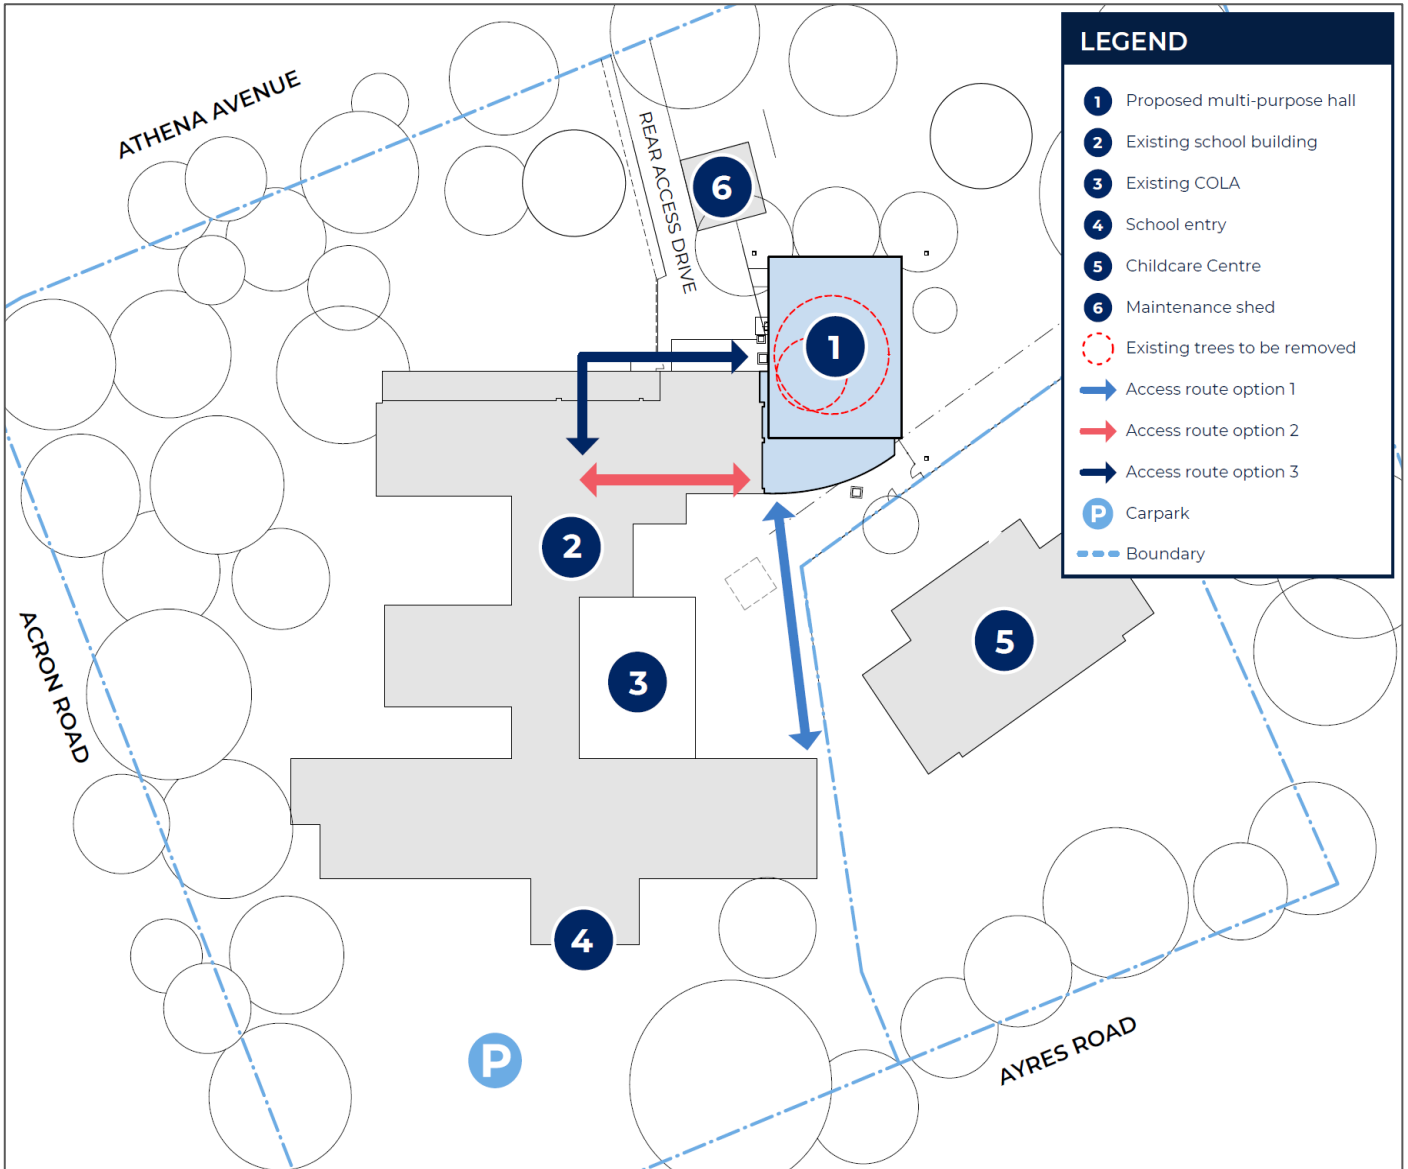

If you have any questions about the project please contact School Infrastructure NSW by phoning 1300 482 651 or emailing schoolinfrastructure@det.nsw.edu.au.

We will work to support the school by providing timely, up-to-date information about the status and next steps of the project, plus any impacts on the school community and its surrounds.
