

Sir Eric Woodward Memorial School

Works notification | 24 September 2025

Dear staff, parents and carers,

A small section of roof sheeting has come away from the covered outdoor learning area (COLA) off Building A at Sir Eric Woodward Memorial School, and has been repaired.

The area is inaccessible to students and staff, and is in a location listed as containing bonded asbestos on the School Asbestos Management Plan (SAMP).

NSW Health explains that "living or working with asbestos, or just being around it, is a low risk to your health as long as the asbestos is in good condition and not damaged".

On Tuesday 23 September 2025, the broken roof sheet was removed, and the area repaired.

All work was done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. Safety measures, including workers wearing personal protective equipment, were in place while work was done. All work was completed by licensed asbestos contractors and inspected by independent hygienists.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your understanding.
