

Havenlee School

Works notification | 14 March November 2023

Dear staff and parents/carers,

Upcoming maintenance works to replace the internal wall linings of an unused demountable at Havenlee School will involve working with asbestos containing material in the wall and ceiling. Once the demountable is restored, the internal and external walls will be painted before it is used as a classroom.

Work to remove the material will take place between Saturday 18 March and Sunday 19 March 2023. All asbestos containing material will be removed outside of school hours and in accordance with the advice of the independent hygienist.

The area is currently cordoned off and safety measures and monitoring will be put in place before works start. It will remain out of bounds to students and staff until the removal and associated maintenance work is finished.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected by the independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before the classroom is opened to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
