

Newcastle Middle School

Works notification | 25 November 2025

Dear staff, parents and carers,

Refurbishments to Building B, near the school's Christo Road entrance, will take place at Newcastle Middle School from 3pm on Friday 28 November 2025 until Sunday 30 November 2025.

These works form part of a larger project to redevelop the space into 3 support learning spaces with accessible toilets, showers and change rooms. Breakout and withdrawal areas will also be developed as part of the works.

As part of this refurbishment, contractors will be removing and replacing internal linings and some eaves listed on the school's Asbestos Management Plan.

Access to the area will be securely restricted for the duration of the works using construction site hoarding, enclosures, temporary fencing and clear signage. All asbestos removal work will be completed outside of school hours when no students are present.

Upon completion, an independent hygienist will be engaged to inspect the area, conduct testing and air monitoring to ensure asbestos-containing materials are not present. Once it is confirmed that the area can be reopened, usual school activities will resume.

All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. Safety measures will be in place while work is being done. All work will be completed by licensed asbestos contractors and will be inspected by independent hygienists.

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

We will keep the community updated. Thank you for your cooperation during this important work.

Did you know?

At Newcastle Middle School, students receive a highly personalised education through individual learning plans co-designed with their families, ensuring every young person can reach their full potential. With dedicated, specialist staff, the school offers a nurturing environment tailored for students to grow academically, socially, and emotionally. By focusing on quality-of-life outcomes, Newcastle Middle School prepares students not just for school success, but for meaningful, fulfilling futures.
