

Mary Brooksbank School

Works notification | 21 July 2026

Dear staff, parents and carers,

Thank you for your patience and understanding as Mary Brooksbank School continues to work with the NSW Department of Education to address water leaks and undertake mould remediation.

We are providing an update on the remediation, cleaning and repair work that took place at the end of Term 2 2026.

Following our notification on [19 June 2026](#) we continued working with the contractors and independent hygienists to return your classrooms to operation. We appreciate this was challenging for the school community due to disruptions in routines and teaching environments.

Since that notification we have completed all required work in all classrooms at Mary Brooksbank School.

All rooms have now been cleared by independent hygienists and have returned to operation.

The health, safety, and wellbeing of all members of our school and the local community are always the NSW Department of Education's highest priorities.

NSW Health advises that mould spores are present virtually everywhere, both indoors and outdoors, and mould is part of a group of very common organisms called fungi that also include mushrooms and yeast.

Preventative measures advised by [NSW Health](#) can help to avoid mould growth including maximising natural ventilation by opening windows and doors where possible outside of school hours and using mechanical ventilation such as dehumidifiers as needed.

For more information, refer to the [Mould and mildew factsheet](#) and [Mould at work](#) from SafeWork NSW.

Should you identify mould in your school, you must immediately:

- notify the [Incident Report and Support Hotline](#) on 1800 811 523 or via the [digital WHS incident report form](#)
- log the mould growth on [FMWeb](#).

If you have any questions about this work, you can contact School Infrastructure during business hours on the contact details below. Please note our community phone and email are staffed Monday to Friday , 9 am to 5 pm.

Thank you for your understanding and support during this important work.
