

Balmain Public School

School holiday works notification | Spring 2026

Dear staff, parents and carers,

School holidays are the ideal time to undertake maintenance and project work across the state without disrupting learning.

Planned work over the upcoming holidays

We are installing air conditioning in Buildings A and B at Balmain Public School. Work will begin in the last week of term 3 and continue throughout the spring school holidays.

The new air conditioning system will keep classrooms cool in summer and warm in winter. Air conditioning will also help provide effective ventilation and maintain good air quality in classrooms.

These works will take place from Wednesday 16 September 2026 up to the first day of Term 4, Tuesday 13 October 2026, weather and site permitting.

Work hours

Air conditioning installation will take place between 7 am and 6 pm Monday to Friday, and 8 am and 1 pm on Saturday.

There may be some construction noise while electrical works are happening. We will make every effort to minimise any disruption to learning during this time.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions about this work, please contact the NSW Department of Education using the details below.

Thank you for your understanding during this important work.
