

Bondi Public School

Works notification | 16 December 2022

Dear community,

Remediation works are scheduled for between December 2022 and January 2023

This is a reminder that a remediation project will shortly take place at Bondi Public School to encapsulate contaminated material, including asbestos, that is present below the surface in the lower playground.

Work will take place over the summer school holidays between Wednesday 21 December 2022 and Thursday 26 January 2023.

Safety measures and monitoring will be put in place and the area will remain out of bounds to any staff or students who may visit the school over the holidays until encapsulation works are completed.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan.

All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected to ensure it has been fully remediated. The school will receive a clearance certificate before the area is open to students and staff for the start of Term 1.

If you have any questions regarding the remediation works at Bondi Public School, please contact School Infrastructure NSW on 1300 482 651 or email schoolinfrastructure@det.nsw.edu.au. School Infrastructure NSW will be closed from 5pm Friday 23 December 2022 to 9am Monday 9 January 2023, inclusive, in line with the NSW Government shut down period.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
