

Gardeners Road Public School

Works notification | 16 February 2023

Dear staff and parents/carers,

Remediation to Block C (support unit)

Further to the notification provided 27 January 2023, additional barriers are being installed on window frames in some support classrooms in Block C to act as an additional precautionary measure to prevent students interacting with the paint system.

Other maintenance works

School Infrastructure NSW is also currently undertaking separate maintenance works in Block C at Gardeners Road Public School.

As you may see activity take place on site, we wanted to confirm that the below works are not related to recent activity to address lead containing material within Block C.

Some rooms in Block C require repairs to flooring from termites or moisture damage from leaks in the roof.

These repairs are underway in one of the classrooms (CR0018) and will be finished 16 February. Flooring repairs will then start in the hall and connecting hallway (CR0012 and CR0010).

Maintenance works to address minor leaking due to cracked tiles and gutter condition on the roof will start from 16 February 2023. Following this, the carpet will be replaced in a classroom (CR0016) as part of remediation for moisture damage.

Works are being scheduled in consultation with your school leadership to minimise disruption to teaching and learning.

All work is being undertaken by licensed and accredited contractors in accordance with all applicable guidelines and standards.

If you have any questions regarding these works, please contact School Infrastructure NSW on the details below.

Work starting on the upgraded sports courts (joint funded program)

As you may already know, the sports courts are being upgraded at Gardeners Road Public School as part of a joint funding program with the school. The contractor has been procured and works are scheduled to start week commencing 20 February 2023.

If you have any questions regarding these works, please contact School Infrastructure NSW on the details below.
