

Hamilton Public School

Works notification | 20 February 2024

Dear staff and parents/carers,

We would like to inform you of an incident that occurred at the school on Thursday 15 February 2024.

An area of ceiling inside a year 5 classroom in Building A dropped, landing on a picture rail, away from the area students were learning.

No one was injured in the incident and as a precaution, staff and students within the building were immediately evacuated and continued face-to-face teaching and learning onsite in Building B.

The building was isolated with an engineer and independent occupational hygienist attending the site on Thursday to conduct an assessment.

The hygienist provided a clearance certificate on Monday 18 February 2024.

Contractors have completed repairs to the roof following the advice of the independent engineer.

The year 5 classroom was operational from Monday 19 February 2024, allowing students and staff to resume learning in the room safely.

Thank you for your patience and understanding as we managed this issue.
