

# Mosman Public School

Works notification | 7 December 2023

Dear staff,

We are replacing the flooring in a number of classrooms in Building D at Mosman Public School. As part of this work, asbestos containing material within the vinyl tiles will need to be removed.

Work to remove the vinyl tiles will take place on Saturday 16 and Sunday 17 December 2023. The building is currently not in use, and safety measures and monitoring will be put in place. All work involving asbestos containing materials will take place outside of school hours.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The rooms will be inspected by an independent hygienist to confirm they have been fully remediated, and the school will receive a clearance certificate before the rooms are reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
