

Rozelle Public School

Works notification | 28 April 2023

Dear staff and parents/carers,

Upcoming maintenance works to repair the heritage stoneworks roof of Building A at Rozelle Public School will involve working with lead containing material in the roof cavity. The roof cavity is inaccessible to unauthorised personnel.

Work to remove the material will take place between Monday 1 May and Friday 12 May 2023. All lead containing material will be removed outside of school hours.

The area will be cordoned off before works start, and safety measures and monitoring put in place. It will remain out of bounds to students and staff until the removal and associated maintenance work is finished.

Work will be done in strict accordance with SafeWork NSW regulations, all applicable legislation, policies and guidelines, and the advice of an independent hygienist.

The area will be inspected to ensure it has been fully remediated. The school will receive a clearance certificate before the area is open to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
