

# Farrer Memorial Agricultural High School

Works notification | 4 September 2023

Dear staff and parents/carers,

We are replacing the roof of Building F at Farrer Memorial Agricultural High School. As part of this work, asbestos containing material within the external gable lining will need to be removed.

The area continues to be used as the material is undisturbed and out of reach to students and staff. Additional safety measures and monitoring will be put in place before works start.

Work to remove the material will take place between Thursday 21 September and Sunday 24 September 2023.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The roof will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before the area is reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
