

# Goulburn High School

Works notification | 7 June 2023

Dear staff and parents/carers,

We are refurbishing the canteen, two adjoining storerooms and a staff toilet in Building F at Goulburn High School. As part of this work, asbestos containing material within the ceiling eaves will need to be removed.

The areas are safe at present as the ceiling eaves are undisturbed and out of reach to students and staff. The area will be cordoned off before works start and additional safety measures and monitoring put in place.

The work to remove the ceiling eaves will take place outside of school hours on Saturday 24 June 2023.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The areas will be inspected by an independent hygienist to confirm they have fully remediated, and the school will receive a clearance certificate before the areas are reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
