

Inverell High School

Works notification | 22 June 2026

Dear staff, parents and carers,

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

As part of our proactive maintenance schedule, we are replacing the floor coverings in the art room and storage cabinetry in the classroom of Building I at Inverell High School.

These areas are known to contain bonded asbestos as listed on the School's Asbestos Management Plan.

All work involving asbestos containing materials will take place outside of school hours on Saturday 27 June 2026, with safety measures such as Personal Protective Equipment and air monitoring in place.

All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. Safety measures will take place while work is being done. All work will be completed by licensed asbestos contractors and inspected by independent hygienists.

For more information about asbestos, please visit the [NSW Health website](#) or scan the QR code.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your understanding and support during this important work.
