

The Rivers Secondary College Lismore High Campus

Works notification | 26 April 2023

Dear staff, parents/carers,

Vinyl floor tiles containing bonded asbestos will be removed as part of refurbishment of three rooms in Block A at Lismore High Campus. The rooms are not currently being used for teaching and are being repurposed to provide new learning support spaces for the campus.

The asbestos containing vinyl tiles are scheduled to be removed as part of the refurbishment works between Wednesday 3 May and Tuesday 23 May. All asbestos containing material will be removed outside of school hours.

This material will be removed in accordance with the Department of Education's Asbestos Management Plan and SafeWork NSW regulations. All work will be completed by licensed and accredited asbestos removalists, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected to ensure it has been fully remediated and the school will receive a clearance certificate before refurbishment can continue.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.

If you have any questions about the work, please contact us on the details below.
