

# Maitland Grossmann High School

## Project update | August 2025

Image caption: freshly painted entrance to the Administration Building

### Investing in our schools

As part of the NSW Government's plan to rebuild public education, the NSW Budget is delivering \$2.1 billion for new and upgraded schools in regional NSW. This targeted investment will ensure growing communities get access to a world class public education.

### Improvement works

Work is underway to improve the operations and amenities at Maitland Grossmann High School while we explore options for the school facilities into the future.

Improvement work includes painting Block C, Block D and Block H (the hall), installing covered walkways, a shade structure and a new demountable vocational education and training (VET) hospitality kitchen, and improving the appearance of Block E.

### Progress summary

#### Painting work

We are excited to share photographs of the freshly painted Block D. The administration area and the entrance to the building is finished. Painting of the hallways on the ground and first floors is continuing.

## External painting

## Other improvement work

We are finalising plans for painting Block H (the hall), installing covered walkways and a shade structure, and improving the look of Block E. We expect to start the tender process by early Term 4 2025.

In addition, we are continuing to prepare for installing the demountable VET kitchen.

## Next steps

- When Block D painting work is finished, we will start painting Block C.
- We will share information about the demountable VET kitchen installation when the details are finalised.

## Health and safety

The health, safety, and wellbeing of the school and local community is our highest priority. The independent hygienist is continuing to monitor Maitland Grossmann High School and the clearance certificate issued to use all buildings on site except for Block E, remains in place.

## Future of the school facilities

We are continuing to work through the options for the future of the school facilities and expect to have an update in Term 4, 2025.

Thank you for your patience while we work through the best options for the Maitland Grossmann High School community. We look forward to sharing more information with you.

## More information
