

# Casino High School

## Works notification | 17 March 2023

Dear staff and parents/carers,

The remediation works at the Multi-Purpose Unit at Casino High School are continuing.

Works scheduled for Saturday 11 March 2023 as outlined in a previous works notification distributed on 9 March 2023, did not go ahead due to the contractor's availability. The work has been rescheduled and will take place on Saturday 18 March 2023.

### **Additional works at the school**

A window was damaged in the female staff toilet within the library (Building L) at Casino High School. Work to repair it will involve working with known asbestos containing material in the window frame. Following the damage, the window was boarded up and the toilet remains safe for use.

The window will be repaired on Saturday 25 March 2023. Casino High School won't be used as a voting station on this occasion due to ongoing roof replacement works taking place at the Multi-Purpose Unit.

All works involving asbestos containing materials will take place outside of school hours, with additional safety measures and monitoring in place before works start. The toilet will be cordoned off before works start and will remain out of bounds until remediation is completed.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The area will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before the toilet is reopened to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
