

Macksville High School

Works notification | 22 July 2024

Dear staff, parents and carers,

On 3 June 2024, we notified you about asbestos containing vinyl tiles that were found under carpet in a staff common room in Building C at Macksville High School ([Works_notification_-_3_June_2024.pdf \(nsw.gov.au\)](#)).

Work to remove the tiles, remediate the staffroom and replace the carpet took place during the Winter School Holidays.

All work was done in accordance with work, health and safety laws and the NSW Department of Education's Asbestos Management Plan.

Safety measures were in place while work was being done. All work was completed and monitored by independent hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
