

Muswellbrook High School

Works notification | 19 November 2025

Dear staff, parents and carers,

Following on from the [works notifications dated 19 March 2025](#) and [25 August 2024](#) regarding Muswellbrook High School, this message is to update you on recent activities.

We have previously outlined that one of the chimneys in Building B and the school's carpark require works.

The chimney was repaired in the winter holidays. The carpark remains cordoned off as we are upgrading the front of the school. This upgrade includes the installation of a new drop-off area and ramps for assisted travel.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your cooperation during this important work.
