

# Muswellbrook High School

## Works notification | 8 September 2024

Dear staff, parents and carers,

On Saturday 7 September 2024, a 4.7 magnitude earthquake occurred at a depth of 10km at Edderton, Muswellbrook.

As a safety precaution, a structural engineer was engaged to inspect Muswellbrook High School due to the number of heritage-listed buildings on the school site.

All buildings at the school were inspected and no structural damage was reported.

**The school has been cleared by the structural engineer and will be operational for students and staff to attend as normal on Monday 9 September 2024.**

If you have any questions, please contact the NSW Department of Education on the details below.
