

Kiama High School

Completion pack – September 2025

Newly upgraded science facilities in Building J

Welcome to your new science facilities

As part of the NSW Government’s plan to rebuild public education, the NSW Budget is delivering \$2.1 billion for new and upgraded schools in regional NSW. This targeted investment will ensure growing communities get access to a world class public education.

We are excited to announce that the 2 newly upgraded science facilities in Building J at Kiama High School are now open and ready for students and staff to enjoy.

This project delivered:

new services for electricity,
gas and water

upgrades and refurbishment of
concrete slab floor

refurbishment of vinyl flooring

upgraded air conditioning

upgraded emergency shutoff controls

new acoustic ceilings

refurbished preparation room

upgrades and refurbishment
of LED lighting

new furniture to workstations

new fume cupboards

Principal's message

I am thrilled to share the exciting upgrade to our science facilities which will support Kiama High in preparing our students for life beyond school.

With the completion of the new science labs, we're providing a modern and dynamic space where students can explore scientific concepts, carry out experiments, and develop a deeper understanding of the world around them through hands-on learning.

We are excited to see how our students will use this wonderful new space for their science coursework. With the right tools and experiences, they are empowered to make informed decisions about their career pathway.

Education is the key to opportunity, and we are committed to partnering with our community to create a school where all students are challenged to excel in a nurturing and inclusive environment.

I would also like to sincerely thank our community-students, staff, parents and carers, for their patience and support during construction. I'm sure you will be as impressed with the outcome as we are.

Warm regards,

Catherine Glover
Principal
Kiama High School

Thank you

Thank you for your patience during the upgrade to Kiama High School. Your support and cooperation have been invaluable and made it possible for us to deliver these new facilities for students and staff.
