

# Punchbowl Boys High School

Works notification | 19 September 2023

Dear staff and parents/carers,

We are working to remove external eaves known to contain asbestos material as per the school's asbestos register at Punchbowl Boys HS. The external eaves in Building A were recently damaged and have been covered until the removal can be organised.

The eaves will be removed as soon as licensed and accredited contractors can be scheduled. All work involving asbestos containing materials will take place outside of school hours, with additional safety measures and monitoring in place before the work starts.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The external area of Building A will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate.

The health, safety, and wellbeing of the school and the local community is our highest priority, and we will continue to keep the community updated.

Thank you for your cooperation during this important work.
