

# Nowra High School

Works notification | 7 June 2023

Dear staff and parents/carers,

We are refurbishing the learning unit demountable at Nowra High School. As part of this work, asbestos containing material within the ceiling sheets and eaves will need to be removed.

The area is being safely used at present as the ceiling is undisturbed and out of reach to students and staff. The areas will be cordoned off before the works start, and safety measures and monitoring put in place.

Work to replace the ceiling will take place outside of school hours on Saturday 10 June 2023.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before the area is reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
