

Hunters Hill High School

Works notification | 24 September 2026

Dear staff, parents, carers and neighbours,

We are pleased to share we are rebuilding the entrance to the Administration Building at Hunters Hill High School. This will provide our community with better access to the building and a more welcoming appearance to our school.

Start of construction

Work to rebuild the existing retaining wall and stairs to the west of the Administration Building will start on Saturday 26 September 2026.

The project includes:

- setting up a secure construction site including installing fencing
- removal of small trees and vegetation
- demolition and excavation of the current retaining wall
- installation of a new retaining wall
- installation of metal balustrades along stairs.

We hope to reopen our new entrance to the Administration Building by the middle of Term 4 2026.

While work is being carried out, please enter/exit the Administration Building from the second pedestrian gate on Reiby Rd.

Work hours are between 7 am and 6 pm Monday to Friday and 8 am to 1 pm on Saturdays, in line with NSW Environment Protection Authority guidelines.

What to expect during construction

The safety of the school, visitors and the local community is our highest priority. We will minimise disruptions where possible while work is taking place.

For more information about how we manage construction impacts, please visit our [construction impacts webpage](#) or scan the QR code.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your understanding and support during this important work.
