

# Lake Macquarie High School

Works notification | 20 June 2023

Dear staff and parents/carers,

We are refurbishing the flooring in the cleaners' office in Building A at Lake Macquarie High School.

As part of this work, asbestos containing vinyl tiles located under the carpet will need to be removed.

The office is being safely used at present as the vinyl tiles are undisturbed and under the carpet.

This work will take place on Thursday 28 June 2023, outside school hours. Work areas will be cordoned off, and additional safety measures and monitoring will be put in place under the advice of an independent hygienist before works start. They will remain out of bounds until the work is finished.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The office will be inspected to ensure it has been fully remediated and the school will receive a clearance certificate before it is reopened to staff.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
