

# The Rivers Secondary College - Richmond River Campus

## Works notification

**11 December 2020**

Dear parents/carers,

Maintenance works at The Rivers Secondary College - Richmond River Campus will require working with asbestos containing material.

As a precaution, the areas will remain out of bounds to students and staff until remediation is completed.

The area will be remediated in accordance with the Department of Education's Asbestos Management Plan and SafeWork NSW regulations. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The material is scheduled to be removed from Blocks A, B and E on Thursday 14 January and Friday 15 January 2021. All asbestos containing material will be removed outside of school hours.

Testing will be completed to ensure the area has been fully remediated. The school will receive a clearance certificate before the area is open to students and staff. We will keep you informed if further material is found which requires removal.

The health, safety, and well-being of the school and the local community is our highest priority. Please be assured that the removal of this material will not pose a risk to the local community.

Thank you for your cooperation during this important work.
