

Hunter River High School

Works notification | 26 March 2026

Dear staff, parents, carers, and neighbours,

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

We are installing 2 new bus shelters outside of Hunter River High School on Elkin Avenue.

This work will be done on **Saturday 28 March 2026** between 8 am and 1 pm in line with NSW Environment Protection Authority guidelines.

The grounds in this area are known to contain bonded asbestos as listed on the School Asbestos Management Plan.

All work involving asbestos containing materials will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. Safety measures will be in place while work is being done. All work will be completed by licensed asbestos contractors and inspected by independent hygienists.

An exclusion zone will be set up along Elkin Avenue, which will restrict access to the footpath. Please follow the directions of any temporary signage and traffic controllers when in place.

There may be increased noise and traffic movements along Elkin Avenue during this project. We are committed to minimising disruptions where possible while work is taking place.

For more information about how we manage construction impacts, please visit our webpage at edu.nsw.link/ConstructionImpacts or scan the QR code.

If you have any questions about this work, please contact the NSW Department of Education using the details below.

Thank you for your understanding and support during this important work.

What makes Hunter River High School special?

Students benefit from a wide range of extracurricular activities at Hunter River High School including sports, creative and performing arts, leadership programs, cultural initiatives, and STEM. These activities are supported by modern facilities such as a new administration building, special education unit, gymnasium, and refurbished Wellbeing Hub.
