

Bass High School

Works notification | 30 October 2023

Dear staff and parents/carers,

We are replacing carpet in 3 classrooms in Block A at Bass High School. This work includes removing asbestos containing material in vinyl tiles under the carpet.

The 3 classrooms continue to be used at present as the vinyl tiles are under carpet and undisturbed.

Work to remove carpet and vinyl tiles will begin on Saturday 11 November 2023. All work involving asbestos containing materials will take place outside of school hours, with additional safety measures and monitoring in place before the work starts.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The classrooms will be inspected by an independent hygienist to confirm they have been fully remediated, and the school will receive a clearance certificate before the classrooms are reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
