

Bass High School

School holiday works notification | September 2025

Dear parents, carers and staff,

School holidays are the ideal time to undertake maintenance and project work across the state without disrupting learning.

Planned work over the upcoming holidays

We will be working at your school during the spring holidays – from the end of the school day on **Friday 26 September 2025 up to Day 1 Term 4 Tuesday 14 October 2025**.

We will be demolishing and rebuilding the Building H which will include the installation of new toilets, new changerooms, general assistant workshop and mower shed.

As part of this work we will be removing bonded asbestos from the ceiling void, toilet partitions and ceiling sheets as per the schools asbestos register.

NSW Health explains that “living or working with asbestos, or just being around it, is a low risk to your health as long as the asbestos is in good condition and not damaged”.

All work involving asbestos-containing materials will take place outside of school hours.

All work will be done in accordance with work health and safety laws and the NSW Department of Education’s Asbestos Management Plan. Safety measures will be in place while work is being done. All work will be completed by licensed asbestos contractors and inspected by independent hygienists.

Due to the size and scale of this work, there will be temporary fencing around this area for the duration of the school year. Alternative toilet facilities are available on the school site. It is expected that Building H will be operational from Day 1 Term 1 2026.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your cooperation during this important work.
