

# Matraville Sports High School

## School holiday works notification | Summer 2025/2026

Dear staff, parents, carers,

The school holidays are the ideal time for a lot of maintenance and project work to take place in schools across the state without disrupting learning.

### Planned work over the upcoming holidays

We will be working at your school during the summer holidays.

This period may include from the end of the school day on Friday 19 December 2025 up to the first day of Term 1 Monday 2 February 2026.

Work at Matraville Sports High School involves upgrading classrooms on the first floor of Building C.

### Asbestos removal work

The vinyl sheeting and tile flooring underneath the existing carpet in these classrooms are known to contain bonded asbestos as listed on the School Asbestos Management Plan (SAMP).

Work to remove these materials will be done in the school holidays. In the rare event the work can't be finished in the school holidays, it will continue on weekends during Term 1 when no students are present.

NSW Health explains that "living or working with asbestos, or just being around it, is a low risk to your health as long as the asbestos is in good condition and not damaged".

All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. Safety measures will be in place while work is being done. All work will be completed by licensed asbestos contractors and inspected by independent hygienists to confirm it has been fully remediated. A clearance certificate will be issued before the classrooms are reopened.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

### Work hours

Work will take place between 7 am and 6 pm, Monday to Friday and 8 am and 1 pm on Saturday. No work will take place on Sundays or public holidays.

If you have any questions about this project, please contact the NSW Department of Education on the details below.

Thank you for your understanding during this important work.
