

Strathfield South High School

Works notification | 10 October 2023

Dear staff and parents/carers,

We are refurbishing the unused metal work room in Building B and converting it into a classroom at Strathfield South High School. As part of this work, asbestos containing material within the ceiling sheets will need to be removed.

The area is currently out of bounds to students and staff and additional safety measures and monitoring will be put in place before works start.

Work to remove ceiling sheets will take place on Saturday 21 October 2023.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The area will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before the area is reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
