

Callaghan College Wallsend Campus

Works notification | 31 July 2025

Dear staff, parents and carers,

A small amount of mould was found in the demountable music classroom caused by a water leak due to recent rain at Callaghan College Wallsend Campus.

The room has been closed since Wednesday 23 July, until repairs and cleaning can be completed. Classes were relocated to other classrooms while the work is taking place.

Work to remediate mould affected areas will take place between Monday 28 July 2025 to Friday 1 August 2025.

Remediation work will involve removal of carpets, and any other surfaces as required. The affected areas and surfaces will be environmentally cleaned and dried with fans, air scrubbers and dehumidifiers to help prevent mould from reoccurring.

All work involving mould will take place during school hours, with appropriate safety measures in place.

Further information on how mould is managed can be found on the [NSW Health Mould Factsheet](#).

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your understanding during this time.
