

# Callaghan College Wallsend Campus

Works notification | 7 September 2023

Dear staff and parents/carers,

We are relocating an air conditioner in the learning support demountable unit next to the staff carpark at Callaghan College Wallsend Campus. This work will involve working with known asbestos containing material in the demountable external eaves as per the school's asbestos register.

The demountable is not currently being used. The area will be cordoned off before the work starts, and safety measures and monitoring put in place.

Work will take place between Saturday 9 September and Sunday 10 September 2023. All work involving asbestos containing materials will take place outside of school hours.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The demountable unit will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before it is reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
