

James Fallon High School

Works notification | 22 June 2023

Dear staff and parents/carers,

During inspections at James Fallon High School, mould was identified on the ceiling eaves of 3 classrooms, 3 storerooms and a staff study in Building N. As a precaution, these areas have been cordoned off to students, staff and visitors.

Work to extensively clean and remediate the mould will take place outside of school hours on Saturday 24 June 2023.

The areas will remain out of bounds until the remediation is finished and additional safety measures and monitoring will be put in place before works start.

Work will be done in accordance with SafeWork NSW regulations. All work will be completed by licensed contractors in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The areas will be inspected to confirm they have been fully remediated, and the school will receive a clearance certificate before the areas are reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
