

James Fallon High School

Works notification | 30 October 2024

Dear staff, parents and carers,

We are writing to provide you an update on the mould cleaning work we notified you about on [24 September 2024](#) at James Fallon High School.

The Building N woodwork storeroom (closed since 4 September) and the deputy principal's office and printer room in Building A (both closed since 22 September) were cleaned over the Spring School Holidays.

An independent hygienist undertook testing and air monitoring on Wednesday 16 October and, after receiving results on Friday 25 October, the rooms were reopened yesterday (Monday 28 October).

A contractor also carried out minor repairs to prevent any further moisture entering the rooms.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
