

Chester Hill High School

Works notification | 22 June 2026

Dear staff, parents, carers and neighbours,

As part of the NSW Government's plan to rebuild public education, a project is underway to construct a futsal and volleyball court at Chester Hill High School.

The planning pathway for this project, the Review of Environmental Factors (REF) has been approved, allowing for construction to start.

Start of construction

The construction of the futsal and volleyball court replacing the current sports court on the western side of Building N will start from Monday 29 June 2026. Works will offer students the opportunity to play and compete on 2 brand new courts.

The project includes:

- setting up a secure construction site and materials handling area
- installation of a futsal and volleyball court with synthetic turf
- building an upgraded stormwater system to capture and filter all stormwater off the courts.

All work will be completed by the end of Term 3 2026.

Construction vehicles will enter the school via Kenward Avenue. Traffic control will be used if required for the safety of students, staff and the local community. Please follow the directions of any temporary signage and traffic controllers when in place.

Managing construction impacts

The safety of the school, visitors and the local community is our highest priority. We are committed to minimising disruptions where possible while work is taking place.

For more information about how we manage construction impacts, please visit our webpage at edu.nsw.link/ConstructionImpacts or scan the QR code.

Working hours

All site works will be undertaken in accordance with departmental and school operating constraints and procedures. All work will be conducted between 7 am and 5 pm Monday to Friday, and 8 am to 1 pm on Saturdays.

If you have any questions about this work, please contact the NSW Department of Education using the details below.

Thank you for your cooperation while we deliver this important project for the Chester Hill High School community.
