

Moree Secondary College

Works notification | 4 May 2026

Dear staff, parents and carers,

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

As Moree Secondary College has consolidated Years 7 to 12 onto the Albert Street campus, additional closed-circuit TV (CCTV) cameras will be installed to ensure appropriate coverage and maintain safety. Works to install the additional cameras will start on Wednesday 6 May 2026, across Buildings A, B, C, D, F, H and K at Moree Secondary College.

Work will be carried out over multiple weeks, with completion expected by the end of June 2026, weather permitting, in order to minimise disruption to school operations.

During the works, affected areas will be temporarily closed to students and staff using appropriate fencing. Work hours are between 7 am and 6 pm Monday to Friday, and 8 am and 1 pm on Saturday, in line with NSW Environment Protection Authority guidelines.

The cameras will be focused on school grounds and will not be installed inside classrooms, offices or bathrooms. The classrooms will be activated on Monday 18 May 2026.

For more information on CCTV, including how the department uses footage, privacy laws and record keeping, please visit the department's [CCTV – use of closed circuit cameras webpage](#).

Please contact [the School Security Unit](#) on **1300 88 00 21** to seek expert advice on the installation and use of CCTV surveillance.

Thank you for your understanding and support during this important work.

What makes Moree Secondary College special?

*By strengthening our connection with the wider community, we aim to create a supportive network that empowers students to thrive, preparing them to become confident and active members of society. **Bethnay Kelly, Principal of Moree Secondary College***
