

Bourke High School

Works notification | 31 May 2023

Dear staff and parents/carers,

We are refurbishing the Administration Building at Bourke High School. As part of this work, asbestos containing material within the vinyl tiles will need to be removed in a movement area in Building C.

The area is currently out of bounds within a construction site and separated by hoarding. Additional safety measures and monitoring will be put in place before works start.

Work to remove the vinyl tiles will take place after school hours on Monday 5 June 2023.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before construction resumes in that area.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
